Ms. Magalie Roman Salas Secretary Federal Communications Commission The Portals 445 12th Street, SW Washington, DC 20554 RECEIVED

NOV 5 1999

FEDERAL COMMUNICATIONS COMMISSION

OFFICE OF THE SECRETARY

Re: CC Docket No. 96-45/Federal-State Joint Board on Universal Service and CC Docket No. 96-262 Access Charge Reform

Dear Ms. Salas:

Yesterday, Maureen Keenan and Rich Dobson of Bell Atlantic met with Rich Lerner, Jay Atkinson and Raj Kannan of the FCC's Competitive Pricing Division. The purpose of the Ex Parte was to present industry methods for removing Universal Service amounts from Price Cap Baskets, should a company elect to do so. The attached documents were discussed at length with the staff. Parties agreed to reconvene at a future date to discuss this subject after all parties have had an opportunity to perform further analysis.

Sincerely,

Attachment

cc: S. Rammah

Removal of USF from Price Caps: How it should be done

Urgency of Identifying Formula for Removal

- . Company options
- . Timing (First Quarter Filing, December 16)
- . Methods for Removal

Background

- September Meeting
 - --Outlined method when concerned about 5th Circuit decision
- 5th Circuit Decision and FCC Orders
 - --Ordered recovery of USF through Interstate only
 - --Allowed for flexibility on recovery of USF by LECs
- Recent November 1, 1999 filing raised issues on methods for removal of USF from Price Caps
 - --Comments highlighted the Equal Access example

REMOVING USF AMOUNTS FROM PRICE CAPS

USF Facts

- First amount of USF in Price Caps on January 1, 1998
- . Each quarter companies incrementally adjusted for change to USF

Formula Impacts

- . Impacted by demand changes
- . Impacted by GDPPI-X, and "g" as well

Issues not considered under "R" adjustments

- . Not Impacted by TIC Targeting
- . Not Impacted by Restructures

What's Next

- Companies need to know what is the appropriate method for removing USF
- Strong precedent for using LEC recommended method
